

Partner with Your Healthcare Team to Take Charge of Your Health

When Tracy transitioned to a new medical center, her new providers had limited experience with thalassemia.

This ended up being a very rewarding experience for her as it forced her to speak up for herself to make sure that her medical needs were being met.

Tracy and her healthcare team now work together as partners – and she's getting the best care of her life!

This message was developed as part of Cooperative Agreement #5NU27DD001150-04-00 from the Centers for Disease Control and Prevention.
